Meat and Egg Traders

Dear Sir/Mdm

H5N8 HIGHLY PATHOGENIC AVIAN INFLUENZA IN LUBELSKIE REGION, POLAND

Poland reported an outbreak of H5N8 highly pathogenic avian influenza (HPAI) in a poultry farm in Lisiowólka, Wohyń municipality, radzyński district, Lubelskie region.

2 In view of the outbreak, the National Parks Board/Animal & Veterinary Service (NParks/AVS) has imposed a temporary restriction on the importation of poultry and poultry products from 10 km radius restricted area around the infected premises in Lubelskie, Poland, with effect from 4 January 2021. Heat-treated poultry products which comply with the OIE guidelines for inactivation of Avian Influenza virus will not be subjected to the restriction.

3 To facilitate the clearance of permits for other poultry and poultry products, the following additional attestations are required to be included in the veterinary health certificate accompanying the import of poultry and poultry products:

- (a) Highly pathogenic avian influenza (HPAI) and H5 and H7 low pathogenicity avian influenza (LPAI) are notifiable diseases in Poland.
- (b) The birds from which the meat was sourced were not vaccinated against H5 and H7 subtypes of avian influenza (AI), as defined by the World Organisation for Animal Health (OIE).
- (c) The poultry meat and meat products were not derived from birds originating from the protection and surveillance zones established in Poland due to occurrence of avian influenza.
- (d) The poultry from which the meat was derived were born, raised, and slaughtered in Poland, or were legally imported as day old chicks from countries with equivalent poultry health status.

4 Please contact Ms Lily, Ms Zawiyah or Mr Bosco at 6805 2857 / 6805 2863 / 6805 2856 should you have any enquiries on the import of poultry and poultry products.
