To All Food Traders

Dear Sir/Madam

Updates to the microbiological standards in the requirements for the import of specific ready-to-eat (RTE) food

We would like to update you that amendments have been made to the microbiological standards and tests required for the import of the following ready-to-eat (RTE) food:

- a. infant formula
- b. traditional cakes & nasi lemak
- c. coconut products – coconut milk, grated coconut, jelly coconut, shelled coconut
- d. minimally processed cut/peeled fruit & veg
- e. mooncakes
- f. packaged mineral and drinking water
- g. Ice
- h. grounded civet coffee (*kopi luwak*)
- i. other imported food products

2 The updated requirements can be found at the following SFA website, under 'Conditions to Import Processed Food and Food Appliances' viz. <https://www.sfa.gov.sg/food-import-export/commercial-food-imports>.

Other matters

3 You may reach us via SFA online feedback form (<https://sfa.gov.sg/feedback>), if you need any clarification.

Yours faithfully
