SAFE DISTANCING MEASURES AT WHOLESALE MARKETS

Singapore has implemented stricter safe distancing measures to reduce the risk of further local transmission of COVID-19 cases. To reduce mingling in Jurong Fishery Port (JFP), Senoko Fishery Port (SFP) and Pasir Panjang Wholesale Centre (PPWC), only wholesale, distribution and food trade related personnel will be allowed to enter the facilities. Non-trade visitors and casual buyers are not allowed at JFP, SFP and PPWC during this period.

Affected customers can arrange for delivery or purchase the goods from wet markets, supermarkets and other retail points.
