Product of Australia

Best before date: 9 Jul 2020

Pure Tassie Organic Apple Juice (1.5L)

Product of Australia

Best before dates: 30 Sep 2020, 6 Oct 2020

Recall of “Pure Tassie Organic Apple & Raspberry Juice” and “Pure Tassie Organic Apple & Blackcurrant Juice” due to contamination with patulin

The Singapore Food Agency (SFA) has detected patulin, a mycotoxin, in samples of various batches of “Pure Tassie Organic Apple & Raspberry Juice” and “Pure Tassie Organic Apple & Blackcurrant Juice” at levels exceeding the maximum limit^[1] for patulin in fruit juice as stated in the Singapore Food Regulations.

2 We have directed the importer, Cold Storage Singapore (1983) Pte Ltd to recall the products. The recall is ongoing. This comes after an earlier recall^[2] of a batch of “Pure Tassie Organic Apple & Blackcurrant Juice” products (1.5L, best before date: 6 Oct 2020).

3 The level of patulin detected may cause the products to be unsafe for consumption if there is long-term intake. The ingestion of large amounts of patulin from food is associated with nausea, gastrointestinal disturbances and vomiting.

4 Consumers who have purchased the affected products should not consume it. Consumers may contact the importer at 1800 8918 100 for enquiries and for exchange or refund of products.

5 Details of the products are as follows.

^[1] The maximum limit for patulin in fruit juice as stated in the Singapore Food Regulations is 50 parts per billion (ppb).
