

AGRI-FOOD CLUSTER TRANSFORMATION (ACT) FUND

Capability Upgrading (CU) Component

GUIDELINES FOR APPLICATION

Objective

1. Co-fund the purchase of equipment and systems from SFA's pre-qualified list, conduct small-scale pilot trials to raise productivity and resource-efficiency, and reduce pollution and waste.
2. It also covers farms' expenses related to the Clean & Green (C&G) Standard adoption and GAP certification, such as the purchase of equipment and certification-related fees.

Application Period: The Capability Upgrading component will be available as part of the Productivity Solutions Grant (PSG) from 30 Apr 2021 to 31 Dec 2025.

Eligibility Criteria

3. Applicant must be a farm licensee of a Singapore-based farm with valid licence issued by SFA. For new farms, applicant must have obtained SFA's approval for the proposed farming activity at the farm site.
4. Applicant must have a secured farm site for implementation of the proposed farming system.
5. For existing farms, applicant's farm shall be free of unauthorised or illegal activities for the past 1 year from time of application. If the farm had any offence record, it must have been satisfactorily resolved and closed before the application can be considered.
6. The total funding amount that can be awarded to an applicant and its related company¹ (as a group total) under the Capability Upgrading component for expenses related to the C&G Standard adoption and GAP certification is **\$15,000**, which comprises:
 - (i) \$10,000 for qualifying C&G consultancy fees
 - (ii) \$5,000 for certification-related fees

¹ Companies are considered related if any shareholder(s) of the applicant company (either individually or collectively) owns more than or equals to 50% shareholding of another company. Applicants must declare any related companies during application.
